

NGHIA TA

JAVA DEVELOPER - 3 YEARS OF EXPERIENCE

+84852009045 congnghia.ta@gmail.com cong hoa, Tan Binh, Ho Chi Minh, Vietnam

SUMMARY

I took an Academic degree from university of science (Ho Chi Minh city) about Mathematics and Computer science. I studied in data structure, algorithm, object oriented program, relational database. About web technologies I worked about Restful API, Ajax and used ReactJS in client side.

BASIC INFORMATION

- | | | | |
|----------------------|------------|---------------------|--------|
| • Nationality | Vietnamese | • Maritality | Single |
| • Gender | Male | | |

LANGUAGES

- **English** > Intermediate

SKILLS

- Java
- Data Structure
- Algorithms
- OOP
- My SQL
- ReactJS
- Servlet JSP
- Hibernate
- Rest API
- Oop Design Pattern
- Spring

WORK HISTORY

- **Java Developer** 11/2019 - 11/2021
Amaris
SIHospital
An ERP system for a hospital. Technologies I used: Spring boot, JPA, RestAPI.
My Role is implement business rules from BA as a Java Developer.
 - Service designation.
 - Medical records.
 - Medicine store.
 - Electronic invoice (Thai Son)
- **Java Developer** 11/2021 - Current
EVOLABLE ASIA
Airtrip Project.
Integrated a new payment gateway and maintain legacy code. Build some Rest API.
Technologies I used: JSP, Servlet, Spring, Hibernate.
 - API authorize card number for payment.
 - API Capture to charge user.
 - API Cancel and refund.
 - Admin page to mange payment and check logs.
 - Notificate by email if catch any error in all api.

EDUCATION

- **Spring Framework 5** 01/2021 - 11/2021
Others - Udemy
Learn Spring with the most **modern** and **comprehensive** course available for **Spring Framework 5** and **Spring Boot 2**. Practice how to build multiple real world applications using Spring Framework 5.
- **MATHEMATICS AND COMPUTER SCIENCE**

Bachelors - KHOA HOC TU NHIEEN TP HCM

- Data Structure.
- Fundamental Algorithm.
- Object Oriented Program.
- Relational Database.
- Discrete Mathematics.
