Objective

I am a senior Nodejs developer with a passion for product development. I found out my true passion after I graduated from the University. So that I learned to program on the Internet. After 9 months of learning, I got my first job. Since that moment, I have been working so hard to achieve my desired goal: Senior Javascript Fullstack Developer.

Skills

- NodeJS.
- ReactJS.
- AngularJS.
- VueJS (Vue 2).
- PostgresSQL, MySQL, MongoDB.
- TypeScript.
- Docker.
- Redis.

Education

HUE UNIVERSITY OF EDUCATION | SEPT 2013 - MAY 2017
Major: Biology
GPA: 2.8/4
